OCTOBER 2025

Project Proposal

Presented To
Drivethru

Presented by
Live U Pvt Ltd

PAYROLL

This proposal outlines the key requirements for implementing a payroll module tailored to the organization' s departmental structures and working schedules. I t aims to ensure accurate payroll processing, compliance with statutory obligations, and efficient management of employee attendance, allowances, and deductions. The proposed system should support various shift patterns, role- based payroll rules, and cloud access with administrative control.

Departmental Work Schedules & Attendance Policies

Kitchen Department

- Operates on a **shift basis** from **7:00 AM to 9:00 PM**.
- **Shift scheduling and attendance tracking** are mandatory.

Shift	Start Time	Break/Split	End Time	Total Hours	Notes
Shift 01	7:00 AM	3:00 PM – 5:00 PM	9:00 PM	12 hours	Split shift
Shift 02	7:00 AM	2:00 PM – 4:00 PM	9:00 PM	12 hours	Split shift
Shift 03	8:00 AM	2:00 PM – 3:00 PM	8:00 PM	11 hours	Split shift

Employees may work different shifts; however, they must complete **9 working hours**, excluding break times. Overtime will be calculated for any hours worked **beyond 9 hours**. If an employee is **more than 15 minutes late**, a **deduction will be applied**.

Room Department

- Follow regular shift schedules with overtime and late hour deductions applied.
- **Mandatory sign-in/out** for lunch breaks, including recording the **return time** after lunch.

Gardeners

- Must **sign in/out** for lunch breaks and record **return time**.
- Follow regular shift schedules with overtime and late hour deductions applied.

Surf Instructors

- Work on **flexible hours**.
- Permitted to **sign in/out multiple times** during the day.
- No salary deduction if total working hours are less than 9 hours.
- Overtime will be calculated for any hours exceeding 9 hours.

Admin Staff

- Follow **regular working hours**.
- **Required to sign in/out** for lunch breaks and record return time.
- Follow regular shift schedules with overtime and late hour deductions applied.

Managers (Executives)

- No overtime or late hour calculations.
- Managers can have flexible in/out timings.
- Receive a **fixed allowance** instead of overtime pay.

- Any work performed on off-days should have OT calculated as:
  - Daily rate × 1.5

Night Watchers

- Work in **shifts from 8:00 PM to 8:00 AM**.
- **Eligible for 3 hours of overtime**, **only if not asleep** during those hours.

Incomplete Working Hours

If an employee does not complete the full 9-hour workday (e.g., arriving late or leaving early by 10 minutes each day), the system should not mark it as a full working day, and the unworked time should be deducted from the salary accordingly.

Lunch Break Policy

- Every employee is entitled to a 1-hour lunch break.
- Example:
  - Sign Out for lunch: 13:00
  - Sign In after lunch: 13:20
  - Only 1 full hour will be deducted from total working time. Any partial time (e.g., 00:40 minutes) will not be considered as OT.
- Overtime Calculation: OT is calculated only after 9 full hours (8 hours work + 1-hour lunch break).

Policy Area	Rule/Calculation Basis
Late Hours	**Grace period of 15 minutes** past the scheduled start time. Deduction applies after 15 minutes.
Overtime (OT) Threshold	OT is calculated only if the time worked **exceeds the scheduled shift by 30 minutes or more**.
Early Sign-In	Time clocked prior to the scheduled start time is **not counted as OT hours**.
Forgot to Sign In	Staff must use a **Manual Punch**, which requires **Management Approval**.
Work on Off Days	Compensation will be **Daily Rate * 1.5.**
Weekly Leave	Every employee is entitled to **1.5 days of leave per week**. (Full day/Half Day)
Annual/Casual Leave	Standard balance of Annual and Casual leaves applies.

Half-Day Offs and Half-Day Leave

- Working hours for a half day should be considered as 5 hours.
- For half working days exceeding 5 hours, the additional time should be counted as overtime (OT).

Leave Categories

- Leave records should be clearly categorized into Annual Leave and Casual Leave for accurate reporting and payroll processing.

OT Calculation

Holiday Type	Calculation Rate		Specific Holidays
Statutory Holidays (8 Days)	Daily Rate× 2.0		1. Tamil Thai-Pongal Day 2. The National Day 3. Day Prior to Sinhala and Tamil New Year Day 4. Sinhala and Tamil New Year Day 5. May Day 6. Day following Vesak Day 7. Milad Un Nabi (Prophet Muhammad's Birthday) 8. Christmas Day
Poya Days	Daily Rate × 1.5		All declared Poya Days.
Public Holidays	Daily Rate × 1.5		All Public Holidays are not listed as Statutory or Poya Days.

PAYROLL SYSTEM REQUIREMENTS

1. User Access

- **Administrator Logins**:
  - Provide **2 administrator logins**
  - Must include **cloud-based access** for remote management

2. Automatic Calculations

- **EPF (Employees' Provident Fund)**: Automated calculation
- **ETF (Employees' Trust Fund)**: Automated calculation
- **Leave Days**: Automatically tracked and calculated

3. APIT (Advance Personal Income Tax)

- Indicate system capability:
  - **Specify whether APIT calculation is automated** within the system or
  - **Requires manual processing**

4. Standard Payroll Functionalities

- **Monthly Salary Processing**
- **Overtime Calculations** (where applicable)
- **Allowance & Deduction Management**
- **Payslip Generation**
- **Year-End Reporting**

Manual Adjustments

In instances where certain employees are required to start work earlier for specific occasions, the system should allow manual adjustments to attendance records.

5. Off-Season / Reduced Duties

- During off-season periods (fewer working days, different schedules, no OT):
  - Attendance is simple: only Sign-In and Sign-Out records.
  - OT is calculated only after 9 hours, or on statutory/public holidays or Poya days.
  - No fixed day-offs.
  - If an employee works fewer days (e.g., 3 days/week), day-offs are manually added to the system for each employee.

6. Late Arrivals

- Late arrivals exceeding 15 minutes will result in a reduction from the employee's hourly working rate.

7. Manual Adjustments

- In instances where certain employees are required to **start work earlier** for specific occasions, the system should allow **manual adjustments** to attendance records.
